

SETH N. COHEN, Associate AIA, LEED® AP, Associate

Seth Cohen joined Venturi, Scott Brown and Associates in 1998. He recently served as Project Architect for renovation of the Main House at Dumbarton Oaks Library in Washington, DC (currently under construction). He was also Project Manager for Stuart Country Day School of the Sacred Heart's Cor Unum facility -- a theater / auditorium / chapel / meeting place with a black box theater, choral room, music classrooms, and practice rooms.

In addition, Mr. Cohen worked on the 440,000 sf Anlyan Center for Medical Research and Education building at Yale School of Medicine in New Haven, CT, which won an AIA Recognition Award. His work included design and documentation of the exterior envelope as well as the interior and exterior public spaces. He's completed Construction Documents for the Frist Campus Center at Princeton University and the renovation of Houston Hall at the University of Pennsylvania. Other projects include a shell and core design for Edison School Headquarters and Museum Project and pre-design for the Woodmere Art Museum.

Prior to joining VSBA, Mr. Cohen worked as an architectural intern for Kling on the design of a 566,000 sf laboratory building for Janssen Pharmaceutica New Research Center in Beerse, Belgium. He also worked on a 450,000 sf corporate office building for Dow Jones Inc., Bernard Kligore Center in South Brunswick, NJ.
